### Ticket Goal #1

To create a program where each Arrow of Light (AOL) den member builds and decorates an AOL Career arrow, representing his/her time in the Pack.

#### S (Specific)

Each Scout will build a Career arrow which indicates time spent in Cub Scouts and Adventures and Awards received during that time. This arrow will be a tangible and visible reminder of their Bridging to Scouts BSA and their accomplishments as a Cub Scout.

## M (Measureable)

Goal will be complete when one (1) Webelos 2/AOL den has completed their arrows prior to their AOL Bridging Ceremony.

Target is for Scouts completing AOL at Blue and Gold Banquet 2024

## A (Attainable)

Will work with Subject Matter Experts at our charter organization, the Waltonian Archers of Linn County, for assistance with arrow construction. Will decorate and seal arrows as a den during meetings prior to arrow assembly.

## R (Relevant)

This project will provide the Scouts with a tangible reminder of their time in the Pack. It will also be unique to our Pack, and will provide an incentive for younger scouts to stay in Cub Scouts, and entice other potential members to join the Pack.

## T (Timely)

Proposed Goal Schedule:

1. Contact Charter Org within 4 weeks.
2. Create sample arrow within 6 months.
3. Acquire materials to build 25 arrows within 8 months.
4. Rollout project to Webelos 2/AOL Den in 11 months.
5. Arrows complete within 15 months.

## Ticket Goal #2

User the Career Arrows made by Webelo 2's in Goal #1 in their Blue & Gold Banquet.

### S (Specific)

Troop 55, the "parent" or "partner" Troop to Pack 55 takes care of the Bridging Ceremony for new Scouts bridging into the Troop at the Blue & Gold Banquets.

As they have an existing ceremony, we want to integrate the Career Arrows into the Ceremony.

The Scouts will have the opportunity to share what their Career Arrows are, and what they represent.

### M (Measureable)

Goal will be complete when one (1) Webelos 2/AOL den to complete this Bridging Ceremony.

### A (Attainable)

I will work with the Scoutmaster and Senior Patrol Leader of the Troop to recognize the Scouts by presenting their Career Arrows to them during the ceremony.

I will describe the purpose and history behind the Career Arrow, and allow the Scouts to display their Arrows to the Scouts, Family, and Friends present.

I will also open up for the gathered group to ask any questions about the arrows to myself and to the scouts.

## R (Relevant)

My Cub Scout Pack did something similar to this when I bridged to Scouts BSA, and I still have my arrow today. It hung in my room for many years.

I want the Scouts to have the same kinds of lasting memories from their AOL ceremony as I still do.

## T (Timely)

Proposed Goal Schedule:

1. Reach out to Scoutmaster and/or Senior Patrol Leader within 3 months.
  2. Ensure Arrows are complete before Blue & Gold Banquet.

## Ticket Goal #3

Gather information about BALOO training and present to Pack Committee and to all Den Leaders.

### S (Specific)

Educate pack leaders and adults on the value and benefits of having more BALOO training leaders. This facilitates more Pack outdoor and overnight activity options, and lessens the strain on the small number of existing BALOO trained leaders, who will be not be in the Pack forever.

### M (Measureable)

Goal will be complete when information on BALOO is presented at 1 Pack meetings and 1 Pack Committee Meeting.

### A (Attainable)

Information on BALOO is already available at the district and council level. A cohesive presentation and handout can be created which enhances the minimal effort put on recruiting today. Gather existing information available. Gather dates and materials (if available) for next BALOO training. Assembly a BALOO FAQ as a handout.

## R (Relevant)

One of our current BALOO trained leaders will be leaving the Pack in 16 months. Our Pack does a minimum of 1 outdoor/overnight activities per Scout Year, and I want to see this number continue or increase. Camping and being outdoors is at the heart of what I want my Scouts to experience and benefit from.

## T (Timely)

Proposed Goal Schedule:

1. Research available information within 2 months.
  2. Create First Draft of presentation and handouts within 6 months.
  3. First presentation complete within 9 months. Goal complete within 16 months.

## Progress Update

- Created first draft of basic presentation. [BALOO Presentation](#)
    - Its kinda boring. Not a lot of "wow" factor.
  - Debating if instead of a presentation this should just be a single flyer?
    - That might actually make more sense.
    - Thinking FAQ handout might be more appropriate
      - Does District or Council already have something like this?
- Reached out to Council via email on 9 April 2024.
